

**MORLEY SENIOR HIGH SCHOOL (Jun14)**

The following defines the local-intake area for this school—

From the intersection of Alexander Drive and Reid Highway, west along Reid Highway (south side included) to Northwood Drive, south along Northwood Drive (east side included) to Yirrigan Drive, south east along Yirrigan Drive (north side included) to Dianella Drive, south along Dianella Drive (east side included) to Morley Drive, south along Morley Drive (north side included) to Light Street, south east along Light Street (both sides included) to Walter Road West, north east and east along Walter Road West (both sides included) to Morley Drive, east along Morley Drive (both sides included) to Crimea Street, north along Crimea Street (west side included) and its extension to the Reid Highway, east along the Reid Highway (north side included) to the Tonkin Highway, north along the proposed extension of the Tonkin Highway to Marshall Road, west along Marshall Road (south side included) to Beach Road, north west along Beach Road (south side included) to Alexander Drive (east side included) to the Reid Highway.

This map is based on a written description of the local-intake area (LIA) for the school as published in the WA Government Gazette. Although the map closely represents the LIA description, for some houses near the boundary (especially on street corners), it may be necessary to refer to the written description. The street address of a residence is used to determine whether that dwelling is inside a particular LIA. The LIA description can be found in the School Profile System on the Department of Education website. While local-intake areas for most schools do not change from year to year, changes are made to local-intake areas as required. Such changes are published in the "WA Government Gazette" (usually in a December issue) and subsequently this map will be updated.
For any enquiries contact Department of Education.
